Mayor Dana Ralph  
City of Kent  
220 Fourth Ave. S  
Kent, WA 98032

Madam Mayor,

As promised, the Council communicated with neighbors within our boundaries to gather data regarding the topic of abandoned vehicles shared at our annual meeting on April 23. We did receive several responses which I am compiling below. Neighbors in most cases indicated their wishes to remain anonymous so I will not be including names. There were some who noted frustration with the process. Those who shared also did indicate that Code Enforcement had been contacted but without results. I will note those cases using an \*. I will also include some comments regarding the process noted with quotation marks and *italics*.

*“If there was a more clear way to report besides a call to Quinton (nice guy by the way) where parties could reference a record of some sort that would help I would believe.”*
